## TOWN ATTACKED

WIDE SPREAD REVOLT IN SANTO DOMINGO.

### REVOLUTION GROWING

The Revolt Began Saturday Afternoon and the Insurgents are Becoming Numerous.—Santiago is Entirely Surrounded.—Communication Cut Off.

Cape Haytian, Hayti, Oct. 26.—A revolution has broken out in the northern part of the republic of Santo Domingo and the revolutionists have already established a provisional government under the presidency of General Moreales at Puerta Plata. According to advices received the revolt was caused by custom house frauds and the prevarication of the minister of war and finance. The signal for the outbreak was given at 2 o'clock Saturday afternoon by the firing of three cannon shots. President Ygil was arrested at Puerta Plata. The inhabitants of Monte Christo, Laligne and Moca have united and attacked Santiago. The town is now surrounded by revolutionists and they have severed all telegraphic communication with Santiago and Lavoga. The revolutionary movement is extending. Vice President Des Champs has sought safety in flight and the general opinion is that President Ygil is lost.

Paris, Oct. 26.—Advices from Cape Hayti confirm the reports of revolutionary movements in Santo Domingo. Jimenez is favored as president of the new government, but Marales has been elected president of the provisional government pending the arrival of Jimenez.

### WAR NOT LIKELY.

Indications Point to a Peaceful Settlement Between Russia and Japan.

London, Oct. 26.—In connection with insurance against war risks suffered on shipments of Welsh coal to Port Arthur for Russia, a telegram has just been received here today from St. Petersburg saying that there was no further necessity to insure against war. This is interpreted as casting a favorable outcome to negotiations between Russia and Japan.

### ANOTHER BANK LOOTED.

Dynamite Used on an Oregon Bank with Successful Results.

Sheridan, Ore., Oct. 26.—The bank of Scoggin and Wortman was blown up by dynamite at 3 o'clock this morning. The bank was looted of its contents by the gang of dynamiters, and as yet the criminals have not been apprehended.

Seven thousand dollars in coin was secured. The robbers escaped in a buggy. The explosion awakened Mayor E. H. Eakin who lives across the street and he fired three shots at the fleeing men from a rifle. The principal depositors of the bank are farmers.

### MAY EXONERATE CHASE.

Court Martial Adjourned Until Next Thursday.

Denver, Colo., Oct. 26.—The court martial proceedings case against Brigadier General John Chase of the Colorado National Guards has been adjourned until Thursday next in order to give Col. Fahrenstock, president of the court, opportunity to attend the funeral of his father-in-law. It is reported that the receipt of certain papers will exonerate Gen.

Chase. The charges of perjury and disobedience of orders made against him by Adjutant Sherman M. Bell appear groundless, and it is understood that Governor Peabody has asked Bell to resign, and should he refuse to comply it is said the governor will remove him from office.

According to report Major Zeph T. Hill is slated for appointment as Bell's successor.

### VESSEL WRECKED.

Thirty-one of Her Crew and Five Others Lost.

Brest, France, Oct. 26.—The French bark Savoyard has been wrecked near here. Thirty-one of her crew, the captain's wife and four other women were lost.

### SENTENCED TO DEATH.

Nick Haworth Must Pay the Penalty of His Crime.

Ogden, Utah, Oct. 26.—At Farmington today Judge Ralph sentenced Nick Haworth to be executed Friday, December 11th. Haworth about four years ago killed Thomas Sandall, a watchman in a store at Layton. Haworth with another prisoner escaped from the penitentiary about two weeks ago and was recaptured after four days of liberty.

### REVOLT IN ARABIA.

One Thousand Turkish Troops Killed and Wounded.

Constantinople, Oct. 26.—It is announced here today that the military commandant, Ahmet Pasha and the governor of the province Azier on the Red sea coast of Arabia were killed as the result of the revolt of two Arabian tribes against the imposition of the new cattle tax. About a thousand Turkish troops were killed or wounded, and the rest of the Turkish force was routed. Immediately on the receipt of the news about fifteen battalions of troops were dispatched to the scene of the revolt.

### THEY DISAPPROVE.

Germany and Italy do not Fancy the Proposed Arrangements.

Constantinople, Oct. 26.—The proposed Austro-Russian control of Macedonia does not meet the approval of the German and Italian diplomats, and it is expected that this disagreement may be used by the powers as a sufficient cause for delay of action.

### GEORGIA FARMERS IN SESSION.

Notable Event in Southern Agricultural Circles.

Macon, Ga., Oct. 26.—The meeting of the Georgia State Farmers' Congress which began in Macon today is the largest in point of attendance ever held by the association. The directors of the congress, acting on a happy inspiration, devised the program so as to appeal to those engaged in every branch of agricultural industry, setting aside one day specially for the cotton growers and ginners, another for the stock breeders and a third for the sugar cane growers.

Today was given over to the work of formal organization. Shortly after 10 o'clock the congress was called to order by George A. Smith, who resigned the gavel to Harvie N. Jordan, president of the cotton growers' congress and who, more than any other one person, has been responsible for the organization of the Southern farmers. Mr. Jordan welcomed the delegates, after which the permanent officers were chosen and the necessary committees appointed. The only set address of the opening session was that of Hon. John Hamilton, of the Department of Agriculture, Washington, who spoke on the subject of "Agricultural Education." The congress adjourned at luncheon time to permit the delegates to visit the state fair now in progress. The proceedings will be resumed tomorrow and will continue until the end of the week.

## ATTACKS PRESS

DOWIE STILL A CENTRAL FIGURE IN NEW YORK.

### NO FATHER

Dowie Will Explain To-Night.—A Letter Published in a Morning Paper Arouses His Indignation.—He Bitterly Denounces the Press.

New York, Oct. 26.—The usual early morning service of the Zion restoration host was held in Madison Square Garden today and was attended by a large crowd, principally made up of the Zion citizens with a small sprinkling of outsiders. Dowie having returned from Boston took the platform and spoke for a short time.

This morning as Dowie's coachman was driving his coach along the streets an attachment was served on the coach and team. The attachment is said to be for a thousand dollars, and is based on a claim of an attorney for the service rendered Dowie in defending a former Zionist who was convicted of allowing his child to die without medical attendance.

In his morning address today, Dowie said that no one had a right to the name of Dowie and that he did not know who his father was. The occasion for the statement was a certain letter that was published in a morning newspaper purporting to show that Dowie cast off his own father. Years ago Dowie said, he had a painful revelation made to him that John Murray Dowie was not his father. He said that the elder Dowie had handed him certain documents on which he would speak tonight. Dowie declared that he was glad that this matter had come up, as letters touching on this matter had been in the hands of certain persons for years. During the address he bitterly denounced the newspapers.

### ADDS ANOTHER YEAR.

President Roosevelt Celebrates His Birthday.

Washington, D. C., Oct. 26.—President Roosevelt was born in New York City Oct. 27, 1858. He will celebrate the forty-fifth anniversary of his birth in an entirely informal manner at the White House tomorrow, luncheon and dining with such members of his family as are in the city, and with a few intimate friends. Mr. Roosevelt will spend the day in public business as usual, putting the finishing touches on his message to Congress, the birthday celebration being incidental and quietly observed only in the domestic circle. Unfortunately Miss Alice Roosevelt will be absent from the family table, having gone to Chicago on a visit to friends, but she will remember her father with a birthday gift, as has always been her custom.

Mr. Roosevelt's career as a public man began twenty-two years ago. The various steps to the office of President of the United States which he now holds are thus given in chronological order:

November, 1881—Elected a member of the New York state assembly; served during the sessions of 1882, 1883 and 1884.

1886—Republican candidate for volved.

mayor of New York.

Some of the gun experts who have been most prominent in bringing about the organization are Rollo Helkes, J. A. R. Elliott, Tom Marshall, John Parker and Charles W. Budd.

### CHICAGO HORSE SHOW.

A Notable Event in the Windy Western Metropolis.

Chicago, Ill., Oct. 26.—Chicago's horse show, the annual fall social event, opens in the Coliseum tonight and from all indications it will be the most notable event of the kind ever given in the western metropolis. As regards entries the exhibition this year surpasses the shows of all previous years, not only in the number of classes filled, but in the class of horses to be exhibited. The east in particular is better represented than ever before, strings of prize-winning equines being entered from New York, Philadelphia and other points. Society is in eager anticipation of the event. The fact that Miss Alice Roosevelt will be among the prominent guests has caused much of a stir.

### LUMBER RATE CASE.

Comes Up Before the United States Court.

Atlanta, Ga., Oct. 26.—Much interest centers in the meeting of the interstate commerce commission which began here today and will continue for several days. The main question to come before the meeting is the lumber rate case, which has been pending in the courts for some time. The hearing is the outcome of an injunction obtained in the United States court at Macon by the Georgia Sawmill association, temporarily restraining the Southern Freight association from raising the rates on lumber shipped to the west. When the hearing of the case came up, Judge Speer refused to make the restraining order permanent and stated that the question should be decided by the commerce commission, which his court would carry out. A hard legal fight is expected owing to the importance of the issues involved.

## COMING TOGETHER

MINERS AND MINE OWNERS MET TO-DAY AT BUTTE.

### AT FOUR TODAY

The Officers of the Amalgamated to Meet the Miners and Propositions Will be Considered for Opening the Mines and Smelters.

Butte, Mont., Oct. 26.—Augustus Hennessey has announced that at 4 o'clock this afternoon he will address all the miners of Butte, and, particularly those who are idle by the suspension of the Amalgamated mines, and that he will listen to any proposal that may be made which looks to a resumption of work in the mines and smelters. In this matter he is now acting as the representative of John Manns, vice president of the United Copper Co., who is at present in Salt Lake City.

This proposal has caused much commotion and excitement among the idle miners of the city, and the people generally. The officials of the miners' union yet refuse to divulge the proceedings of the executive session of last night. By a practically unanimous vote the Silver Bow Trades and Labor Assembly endorsed all the actions of the miners' union last Saturday and the resolutions that then were adopted.

### THE LEADER OF DYNAMITERS.

Believed Now to be in the Hands of Helena Officers.

Helena, Mont., Oct. 26.—Isaac R. Gravelle, who is believed by the officers to be the leader of the Northern Pacific dynamiters and head of the dynamite conspiracy, pleaded not guilty in district court this morning to the charge of assault on which he is held. He was bound over to the next term of court.

### COLD WEATHER.

The Northeast is Visited by the First Signs of Winter.

Pittsburg, Pa., Oct. 26.—The first snow fell here today. The fall is light, but it is general all over this district.

### A BIG FIRE.

The Truckee Lumber Company Burned Out and Town Threatened.

Truckee, Calif., Oct. 26.—The saw mill of the Truckee Lumber Company has been completely destroyed by fire. The loss is \$50,000 with only partial insurance. The flames communicated to the company's flumes and lumber piles and all through the night a general conflagration was threatened. The water supply gave out and a fire engine from Sacramento

to was sent for. At present the fire is under control, but the lumber yard which is built upon forty feet of old slabs is yet threatened as these slabs are burning far down beneath the surface. Several attempts have been made to blast the fire, but it continues to break through the slabs. Nearly all the windows in the upper part of town are broken.

New York, Oct. 26.—The principal theatrical event of the week, aside from the opening of Sir Henry Irving's engagement at the Broadway Theatre, is the opening tonight of the New Amsterdam Theatre—the fifth new playhouse to be added to Gotham's list within a month. The New Amsterdam is located on Forty-second street, near Broadway. It has been in course of construction for nearly two years and is one of the largest and costliest theatres in America.
